George McNeill, contractor for the supply of relief wood, that if taken to be measured by the Wood Market Clerk before being delivered he will claim compensation. Your Committee would refer a communication from R. Stone, proprietor of the Daisy Roller Rink, No. 5 Ward, for your consideration.

On motion the report was received as the report of No. 3 Committee nd taken up clause by clause. Clause 1 read. A long discussion ensued about the question of wood measurement, and section "a" of the clause was at length laid over. Section "b" read and adopted.

Moved that the contractor deliver all wood for relief purposes at the City Hospital to be properly measured, and then for the city itself to deliver it out to the poor. Ald. Lilley seconded.

Ald. Hodgins moved that the matter be left in the hands of the Chairman of No. 3. Ald. Hook seconded. Carried.

Clause 3 read. When the Daisy Roller Rink was established in London East it had been understood that no fees were to be charged. Since amalgamation, however, it came under the city bylaws, and those bylaws compelled the collection of the full license or none. Ald. Lilley moved that no fees be collected from the property of the rink for 1885. Ald. Toll seconded.
